### **2017 Annual House Committee Report to Shareholders**

**To: Stockholders, The Country Club of Waterbury**  
**From: Steven Shaker, House Committee Chairman**

---

Fellow members, on behalf of the House Committee it is my pleasure to present the Annual Report for the Country Club of Waterbury.

2017 was a great year for us at the Country Club. The restaurant, pool, tennis and the snack shack continue to have healthy growth. The construction is under way and members will be able to see in the near future the new home we have created at the Country Club. We continue to work on our processes to make the experience at the Country Club live up to the standard we are setting with this new facility.

Chef Chris, Cathy, Mike, and Rebecca along with the rest of the staff, make the Restaurant operations seamless. The Staff truly do everything in their power to ensure that our time at the Club is enjoyable and exceeds country club standards. This last weekend we had a record breaking Easter Sunday brunch; our Staff served close to 500 members and their guests!

The Jean policy for the winter months was once again a huge success. More members used the club during the winter season which increased revenues and helped offset expenses which otherwise strain the club's cash flow. The new Jean policy is especially a hit with the Thursday night card crew. Thanks to Mike Papa for overseeing the setback league this year. Trivia night was a big hit and we are looking to do it again. Some of the other events during 2017 that were well attended were our Comedy Night for Valentine's Day, Mother's Day Brunch, the "Miami Nights" Summer Celebration, Cross Country Golf in November, Santa Brunch in December and our Almost New Year's celebration for families.

I would like to especially recognize the efforts of the House Committee - Doug Veillette, John Daddona, Jackie Caulfield, Eddie Bushka, Jack Bardelli, Kimberly Gilbert, Stephen Segretario and Bill McDougall. Bill's commitment to the Club is noteworthy, he will be taking over as house chair for the 2018 Season.

The Green Book has been updated and refreshed and replacement pages are available. Please ask for the revised pages in the Business Office if you don't utilize the website. I would also like to recognize Jackie Caulfield in particular. Jackie is currently working with Arlene Pryor, our Club Controller on updating our club software and technology as one more tool to increase membership satisfaction. Jackie has appointed a new chair of the Social Committee, Karen Montini, and I know Karen's energy along with the rest of the Social Committee are committed to making all our events fun, exciting, interesting, and inviting. Thanks to the entire Social Committee!

Sincerely,  
Steven Shaker  
House Committee Chairman
