

The Country Club of Waterbury, Inc.

2017 Annual Membership Committee Report to Shareholders

To: Stockholders, The Country Club of Waterbury
From: John Daddona, Membership Committee Chairman

Over the past four years, we have implemented a membership campaign/program that has resulted in attracting to the club over 240 new members. Today, these members have integrated themselves and their families into the CCW community and are enjoying all the club has to offer.

During this initiative, we have been encouraged to see the average age of our membership come down as club activity has steadily increased...junior tennis, golf and swim teams have strong participation. Our summer camp has seen as many as 30 children attend. Our social committee has grown with several new members - we believe this sets us up for many more years of wonderful experiences and fosters an environment that can allow the club to maintain a sound fiscal status. Let us not forget our crown jewel Donald Ross golf course, recently listed as one of the top 200 private courses in the USA, which has seen steady play, while maintaining that private club feel.

I would like to extend special thanks to Tom Gleton, Chef Chris Deluca, Cathy Gaetani, Arlene Pryor and the entire staff for their dedication in making CCW the envy of its peers, while supporting the membership campaign effort. Without this group of committed professionals, our club would not enjoy the success it has today.

Finally, as this campaign comes to an end, I would also like to thank our membership for advocating on behalf of the club, and most importantly, being part of its exciting future!

Respectfully submitted,

John T. Daddona
Membership Chair
